

2008 — MORI Hirotaro

Scientific Papers/Commentary Articles

1. C.L. Chen, H. Furusho and H. Mori, In situ TEM observation of decomposition of high-purity sapphire, *Philosophical Magazine Letters*, 89(2), 113-119, 2009

International Conference Proceedings

1. K. Arakawa and H. Mori, In-Situ Observation of Behaviors of Nanometer-Sized Dislocation Loops upon Heating, *Microscopy & Microanalysis 2008 Meeting Proceedings*, 1334-1335, 2008
2. K. Arakawa, K. Ono, H. Mori, In-Situ Transmission Electron Microscopy of the Dynamics of Point-Defect Clusters in Metals, *American Institute of Physics Conference Proceedings*, 999, 66-78, 2008

Symposia

1. Workshop on the Bases of Radiation Damage in Metals and Alloys, Invited speakers: Sergei Dudarev (UKEAEA) / Naoki Soneda (Central Research Institute of Electric Power Industry), Toshimasa Yoshiie (Kyoto University)
